

IN THE SPECIFICATION:

Please cancel the following specification amendment previously requested for entry in an amendment filed September 21, 2007 on page 30, at line 9, immediately following the phrase "mat support 204A."

The mat supports are recesses formed in the mat which extend downward from the upper surface of the mat a uniformed depth and which are arranged in an array surrounding reservoir region 210.

The above specification amendment is hereby cancelled.

No new matter has been added by this specification cancellation.
